Falling down, down, down
Falling away
I'm all on my own now
Hanging off the edge of my life
I'm all alone
No one to hold when I feel sad
No one to protect me when I've been bad
I'm falling away
Ohhhhhh

Falling down, down, down
Falling away
Falling down
My life slipping away
I'm falling down

I'm falling into the dark
My life fading away
No reason for me to go this way
Staring down I see
A black hole going down and down
A never ending land that I never knew about
That I can't see
Then I look up and I see
What is gonna happen to me
Can't someone come and save me
Don't let me fall away
Don't let me fall down
Away from the breathing
Away from the beating hearts
Away from the living
I breathe deep and cry out
Someone just grab my hand
Save my life
Help me through another day
Save me from this life

I'm falling down, down, down
Falling away x1
My life turning away
Save me

I'm falling down, down, down
I'm falling away
