Look in to my eyes  
All you see is fright  
I'm so scared  
I can hear you heading  
A whirlwind full of lies  
And the way you're coming  
I'm not escaping this alive

Everytime I ask you as question  
I get an answer but is it the truth  
If it ain't I don't even want to know  
Cause I'm pretty sure you feed me a pack of lies  
Lies, lies, lies  
Oh You feed me a pack of lies

You've come to pull me over  
I've put up with to many lies  
When you start talking  
I just don't listen  
I start walking  
You have told to many lies  
(Pack of lies)  
Lies  
(Pack of lies)

There's still a chance for me  
To stay in this world for eternity  
Why won't you come and save me  
Did you care about me at all  
Or was it just a pack of lies  
Was it all just lies  
Words go round and round my head  
Filled with all the things you've said to me  
Once you said you loved me  
But I can't trust those words no more  
I need evidence that you were being serious

(Chorus)

You've used up all your excuses  
The truth is coming out

You don't know what to say  
You've got yourself in a situation  
I don't even want to know anymore  
All you ever do is tell me lies  
All I ever hear are lies, lies, lies  
You're always telling me a pack lies

(Lies)  
It's all just a pack of lies  
(Lies)  
It's all just a pack of lies  
(Lies)  
It's all just a pack of lies
