Oh when the horn sounds, the stars fill my eyes  
Awake from the dream I roam the magic sky  
The bird has found a way to freedom from its cage  
Return to whence it came to the true beginning of the  
page.

Brother, come with me up to highest light  
Sorrow won't follow, oh pain is left behind  
As water flows to wet and fire turns to dry  
Rejoin your own true home, leave this world behind you  
now and die, yeah.

A wealth of endless joy waits for you to say  
I now release myself to flow with life into eternal day.

I'm always with you, you'll never die  
Lead me from darkness into the light  
From the illusion into the light  
I'm always with you now, I'm gonna try.

Into the light  
Into the light  
Into the light.
