Verse I. So many questions in my mind but I don't  
always ask  
when I don't know what's best for me  
and everything is moving fast  
Mama I wonder if you understand as a mother or a  
friend  
when a boyfriend breaks my heart and it's hard for me  
to part  
when I'm crying silent tears  
cause I can't explain my fears  
and the walls is closing in on me

With out you by my side I want survive  
there is no one I just want to guide my life  
all I want is to make you proud of me  
You got to know that you are my best friend for real  
ooooooooooooooooo yeah yeah

Verse II. I might be strong to you right now  
but i ain't always been  
listen babe I've learned  
from my past mistakes I made  
Paris  
babe I am here for you know just what you're going  
through  
got to feel some hurt and pain  
know into enjoy the rain  
know that you will never be alone  
even if your grown come home  
I'll try and stop that wall from closing on you

I'll be right here by your side we will survive  
I am grateful to be the one to guide your life  
I'll be right here with open arms you can count on me  
ya gotta know you are my best friend for real

Verse III. Through the storm and the rain  
we can share each other pain  
look for me I'll be there to so show you how much I care  
friends may come and go but one thing you should  
know

we will always stay together and never let go

aaaaaaaaaah momma I love you  
you have always been there for me  
most important thing is that you see

You are my best friend for real

Through the storm and the rain  
mount on Jesus share your pain  
when you can't make it through  
I'll always be here for you  
when you're weak I'll be strong helping you to carry on  
heavens knows that that's what family is for  
for the rest of your life know that you can count on me  
you're the air that I breathe

You are my best friend for real
