(Over again)
I never love!
(Over again)
(I'm falling again)
Oh, oh!

She's got an act for love
And a tellin' for sin
She's the kind of trouble I like to be in
She makes it clear
And it's understood
If you wanna' be bad, you gotta' be good (Gotta' be good)

You better do what she wants
If you like what she's got
Ain't no way around it
She's calling the shot
Causes is on, so perfect me
I'm use to falling in love, when it could never be

Oh no, here I go
Over again
Won't stop, can't stop
I'm falling again
I always want love that could never be
But she needs somebody just like me

I wanna' be her lover
I wanna' be her slave
She's the kind of woman
Makes me wanna' misbehave
If I do what she tells me
And I do what I should
Maybe if I can't be bad, maybe she can be good

Oh no, here I go
Over again
Won't stop, can't stop
I'm falling again
I always want love that could never be

But she needs somebody just like me

Yes she does, yeah!
I never love! (Over again)
I'm always falling! (Over again)
Over again! (I'm falling again)
Oh no!

Oh no, here I go
Over again (Over again)
Won't stop, can't stop
I'm falling again (I'm falling again)
I always want love that could never be
But she needs somebody just like me

Oh no, here I go
Over again
Can't stop, won't stop
I'm falling again
I always want love that could never be
But she needs somebody just like me

Oh no, here I go
Over again
Can't stop, won't stop
I'm falling again (I'm falling again)
I always want love that could never be
But she needs somebody just like me

Oh no, here I go (Over again)
Won't stop, can't stop (I'm falling again)
I always want love that could never be
But she needs somebody just like me
