Is it any wonder I'm
Higher than an angel, our
Bodies they are touching and
You've not yet woken. Your
Breath is like a feather
Caressing my neck
Your hands, they are whispers,
Can't wait till they've spoken

Nobody told me baby
This is what it's all about
Nobody told me baby
This is what it's all about

I'm
Moving through the city with
My love blanket
My armour of memories
When moonlight met sunrise
I look at other people,
Do they wear it too?
He's given me a secret
I don't want to keep

Nobody told me baby
This is what it's all about
Nobody told me baby
This is what it's all about

Is it any wonder we
Keep still and quiet?
Pretending we've not woken
When moonlight meets sunrise
And linger in a half-sleep,
Warm orange love light
Spilling through the curtains
On you by my side

Nobody told me baby
This is what it's all about
Nobody told me baby

This is what it's all about
Nobody told me baby
This is what it's all about
Nobody told me baby
This is what it's all about

It's about you and me and love
You and me and love

It's about you and me and love
You and me and loh-oh-ove
