Come along with me to the Congo land  
Got a zebra by the tail and a python in my hand  
Once my home was a Texas plain  
But now I swing a lasso on an alien terrain

Hottentots and pygmies know where to go  
Everybody's heading for the Watusi Rodeo

Cowboys are putting up a big fence around  
A sacred elephant burial ground  
Native women stomping up a flurry in the mud  
Villagers are looking for some cowboy blood

I guess they didn't like them hats we made 'em wear  
They don't look right on the native hair  
Don't they know that it's all for show  
All for showing at the Watusi Rodeo

Monkeys in the trees just thumbing their nose  
At the bull riders riding on rhinos  
Warriors standing with spears in the hands  
Wondering what's next from a crazy white man

Natives are restless under these Stetsons  
What are these cowboys doing in the Congo  
Look like cows but they're water buffaloes  
Ropin and a ridin in the Watusi Rodeo

Oh they look like cows but they're water buffaloes  
Everybody's heading for the Watusi Rodeo
