What's up world? This is Sway with a breaking news report

The artist known as Ras Kass, also notorious for his ongoing legal battles with his record company and being incarcerated in Folsom prison for 19 months was recently released. He just hit the streets and he re-entered the studio but the big question surrounding him is what the hell this motherfucker gonna do now?

[Ras Kass]

Hah, it's that SARS shit, hehe  
Real niggaz stand up! You know how it feel  
when your back against the wall my nigga?  
Shit, that's how I'm feelin' right now  
We gonna let it ride out...

Niggaz started it out, kickin' knowledge like Buns and Belly  
Fuck that! Came out bombing first like Makaveli  
I put the mac to your belly, then leave my contact in your blackberry  
Niggaz is sweet like black cherry, yeah homey it's hard on the yard  
On these streets, I'm like The Thing, I'm just harder than y'all  
More baller than y'all, my gate money win on brunch, I'ma teach you how to stunt  
When I die, bury me bucked naked, face down in the grass  
So I can fuck the world while y'all kiss my ass (smooch)  
Get it while they hot, 16s is 50 Gs cold off the track  
Nigga raised the bar, cock sucker paid to starve  
You professional dickriders like my A&R  
I'm a walking septic tank, homey I spray and solve  
Hurl shots with a handgun, spray your car  
Just accept your fate, it's a wrap, dynamite and electric tape  
On some Pretty Toney shit, I'm from where the homeys

dip on dubbers  
Flag bandanas, and trip on colors  
This my sickamore styles more sicker than yours  
Get more liquor, stick more dick to your whores  
You guys like bitches, lie like drugs  
Taking \$3 bills nigga and think y'all thugs, Ras Kass  
that millenium nigga  
Watch fools in the scope so I can jemmy a nigga  
Got to dodge with a hemmy just to semi a nigga  
Punch y'all faggots, some bitches try to dead me a  
nigga  
Sip remy with Kenny, six gimme a trigger  
Stop calling me racist, I know plenty of wiggas  
And the only real color is green  
To the death, motherfucker, Re-Up is a team,  
motherfucker

Yall niggaz don't know what's the business (yeah!)  
My niggaz fo sho with the business  
Yall niggaz don't know what's the business  
My niggaz gon' give y'all the business  
Yall niggaz don't know what's the business  
My nigga, Re-Up is the business  
Yall niggaz don't know what's the business  
What's the business? WE the business
