Everything I say don't be yae yo, haters in batter rams,
I slam
Like syringes in heroine, four hundred and fifty grams
Overdose, every coast, one hundred spokes chrome
Knock off some malt liquor by the malzatof

Don't gotta floss, huh, ain't that the truth
Flyin' in boobies, silver six hundred coup
Like whoop whoop, holla at me big baby
Sop me up wit a biscuit, 'cuz you know it's all gravy

Linguistical flow, I ain't mystical, but y'all ain't ready
If a nigga ain't rhyme about crack, clothes, pussy and
fatty
Eat a dick, that's music to my balls
Like Gloria Estefan fuckin' Hakeem Olajuwon

How this black lil' nigga get more head than a beauty
salon
Guam, blowin' ya shit out like Chaka Khan
For sheezy, my favorite women is sleazy
Bisexual triplet freaks, forty five at they sexual peaks
I'm fuckin' three Tony's, like Rafael Saadiq

And got a trick up my sleeve, manufacturin' cheese
My matrix will triculate wit melodies
Rehabilitated the hood rats, shake the specie
I'm tryin' to die filthy, rich and ruthless, I'm easy
See Austin niggas is know for flossin'
But I still buy my T-shirts and socks from the slossin'

It's so must that I smash when I mash for me
Ask cash-n-gash
Nobody ride for free
Ooh wee
They say Ras you a rider?
I reply, "Well hell yeah, I'm a rider"

I give it up for C. Austin
That's the city north of long beach, south western
Compton
They say Ras you a rider?

I reply, "Well hell yeah, I'm a rider"

Watch me catch bitches, the llama and the patch
bitches
Fuck sex whippin' homey, don't even trip
I never seen a hood wit a retirement plan to medical
benefits
I'm 'bout seein' black folk wit chips and hundred
thousand dollars whips

Instead of monkey see, monkey power rule feelin' you
wit banana clips
I plan to flip my manuscript, like dyslexics
To sed it, to bet it all, genetic telekinetic brawl
See I'm the difference between booty calls and blue
balls

Telethon wit lou rawls, and bevelin' two percent off the
top
S-s-sorry, couldn't got to break mines off
Decapitated, so where's he headed?
I decapitate niggas, damage is bodily
Put your tire on flat, and kill by a gat like Enis Cosby
Ain't no problem hoe, recognize

It's so must that I smash when I mash for me
Ask cash-n-gash
Nobody ride for free
Ooh wee
They say Ras you a rider?
I reply, "Well hell yeah, I'm a rider"

I give it up for C. Austin
That's the city north of long beach, south western
Compton
They say Ras you a rider?
I reply, "Well hell yeah, I'm a rider"

My tenant shoot pimpin' is more like twenty shoot
'Cuz no woman love me like the wimmy do
I write raps while pullin' the lent off my nut sack
You 50 percent butt crack, I mean half assed

M C's we discover the mathematic format
Beneath your north plan, I'm guaranteed to come will
Like a reverse doormat, 64 percent sega, 80 proof
congac
And toll free pagers

I'm still comin' out like I'm born babies wit hangers
My crew consist of millionaires, failures and gang

bangers

The dangers of loaded language, my glock lick click
Got it made, me no fillet, pay then sat out like sway

Raid the police, 'cuz they sellin' more crack then
Latinos and blacks
See we knows the facts, how Europeans jack
I'm sellin' native Americans gats
So they can take they land back

It's so must that I smash when I mash for me
Ask cash-n-gash
Nobody ride for free
Ooh wee
They say Ras you a rider?
I reply, "Well hell yeah, I'm a rider"

I give it up for C. Austin
That's the city north of long beach, south western
Compton
They say Ras you a rider?
I reply, "Well hell yeah, I'm a rider"

It's so must that I smash when I mash for me
Ask cash-n-gash
Nobody ride for free
Ooh wee
They say Ras you a rider?
I reply, "Well hell yeah, I'm a rider"

I signify for C. Austin
That's the city north of long beach, south western
Compton
They say Ras you a rider?
And I reply, "Well hell yeah, I'm a rider"
