[Verse 1]

It's time!

Come here, listen, get a bar nigga

I'll chop the head off you dicks like a Bar Mitzvah

Protect your neck, clown get brass, turtle neck sweaters

Even Marie Antoinette had a circus right before they
behead her

Duh! What I'm saying is this

It's twenty five drops to Zero, off the A list

Viva Las Vegas, hot go go dancers in cages

Live on stages, Saturday night, Jason Sudeikis

Take your bitch, now he crying for his pussycat

Throw live kittens through your window, you could have
your pussy back

Bend words into prison shanks

Where the term "mightier than the sword" originates

It ain't where you from, it's wherever you use your

OnStar

Beef just dry-snitching on Vlad TV and Worldstar

To tell the truth, they don't tell the truth

Chocolate nigga, strawberry Benz with the vanilla roof

Call it Neapolitan

I poli(tic) against the oligarchy on a mission,

composition, start anarchy

I son y'all niggas like the man Barkley

Screaming your money or your life this is grand larceny

Cough up the parsley, carve to the dark meat

With the Benz carkey it's year round shark week

[Hook]

Ayo, come here, listen get a bar nigga

In the streets locked up, get a bar nigga

Rich or poor, give a fuck who you are, nigga?

Sushi, the definition of raw spitter

Yeah, come on, listen, get a bar nigga

In the dorms, on the block, drinking malt liquor

Black or white, give a fuck who you are, nigga?

Sushi, the definition of raw spitter

[Verse 2]

I pop out the house like Oscar the Grouch

Where I'm from, they C Walk, stay chalking you out
Where I'm from they B Walk, never walking it out
Shit don't change, that's the stuff that get lost in the
couch
I hide dragons, convince tigers to crouch
Paisa's bring the birds in, then we migrate it South
White foam 'round the corners your dehydrated mouth
Like Al Jolsen, I'm Al Pacino, al-Qaeda
Al B Sure but darker, call it an all-nighter
Y'all pinatas, knock the stuffing out of all y'all foul
biters
I'm Spiderman, stick to bitches' walls for real though
You Transvestite Man, bit by a radioactive dildo
That's what they call an ill rap these days
I'm cancer, herpes, Satan, and the clap these days
Live by the California code
Crips in the whip, somebody call it a California roll

[Hook]

Ayo, come here, listen get a bar nigga
In the streets locked up, get a bar nigga
Rich or poor, give a fuck who you are, nigga?
Sushi, the definition of raw spitter
Yeah, come on, listen, get a bar nigga
In the dorms, on the block, drinking malt liquor
Black or white, give a fuck who you are, nigga?
Sushi, the definition of raw spitter

[Verse 3]

Pigpen with a pen, original sin
When I hop in the booth wearing a cannibal skin
MySpace and Fruity Loops let the amateurs in
Still, my son's call me Father like them Vatican men
Smelling like cigarettes, vodka, and Dolce & Gabbana
Aphrodisiac to drunk sluts smoking marijuana
Sarah Connor with a metal cerebellum
My bitches hard headed, won't do what I tell 'em!
Cause now I wanna sell 'em, worked for Heidi Fleiss
Might is Right, after death comes eternal nighty-night
But on the other hand I let my grandma down
Dressing like a clown with my pants on the ground
Hands on the pound, thinking 'bout robbing the nearest
bank
In a mask like The Town
Spit out a brown smokers loogie, rookie
I'm nasty like Jabba having a baby by Snooki

[Hook]

Ayo, come here, listen get a bar nigga
In the streets locked up, get a bar nigga
Rich or poor, give a fuck who you are, nigga?

Sushi, the definition of raw spitter
Yeah, come on, listen, get a bar nigga
In the dorms, on the block, drinking malt liquor
Black or white, give a fuck who you are, nigga?
Sushi, the definition of raw spitter
