Hey now, where did it go?  
I think we lost it somewhere down the road  
Hey now, what's going on?  
Let's find our footprints and follow them back  
Oooh

Hey now, don't be afraid  
Let's find the demon and spell out his name  
Hey, let's do what it takes  
To find what's missing and put it in place

I don't care 'bout anytning but you now, baby  
I don't care about anything but you  
I don't care 'bout anytning but you now, baby  
I don't care 'bout anything but you

Hey, I want you to know  
I'm getting dressed now for winter and cold  
Might be headed in snow  
Don't have a road map, but hey, I've got you

I don't care 'bout anytning but you now, baby  
I don't care about anything but you  
I don't care 'bout anytning but you now, baby  
I don't care 'bout anything but you

Might be blisters, might be pain  
We're gonna get lost nine times out of ten  
Little magic once again  
We're gonna get wet and cold, but home again

Oh, do do do do, doo do  
Do do do do, doo do  
Do do do do, doo do  
Do do do do, doo do  
Do do do do, doo do  
Do do do do, doo do  
Do do do do, doo do

I don't care 'bout anytning but you now, baby  
I don't care about anything but you

I don't care 'bout anytning but you now, baby  
I don't care 'bout anything but you
