I think I should go and leave you alone, yeah  
Stop this game and hang up the phone  
And more I should go into the night alone  
Get inside of the cyclone

It's like I want to break my bones  
To get over you 'cos if I stay  
I'm number two anyway

Like a bullet you can hurt me  
Take me, break me  
Like fire you can burn me, convert me  
Like a bullet you can hurt me

Like a bullet you can hurt me

You say there are so many things going on  
In your life now it's so very hard to find time for me  
And you say, do you believe in the destiny?  
This is the way it was meant to be

I gotta leave you to make you see  
I'm over you 'cos if I stay  
I'm number two anyway

Like a bullet you can hurt me  
Take me, break me  
Like fire you can burn me, convert me  
Like a bullet you can hurt me

Can't believe it when my friends say  
Take it easy, take it easy, don't you worry about the  
rainy days  
Like fire you can burn me, convert me  
Like a bullet you can hurt me

Maybe I'm blind  
Forever young  
Don't get me wrong  
I don't belong here

Like fire you can burn me

Like a bullet you can hurt me

Like a bullet you can hurt me

Take me, break me

Like fire you can burn me, convert me

Like a bullet you can hurt me

Can't believe it when my friends say

Take it easy, take it easy, don't you worry about the  
rainy days

Like fire you can burn me, convert me

Like a bullet you can hurt me

Like a bullet you can hurt me

Like fire you can burn me

Please hurt me
