Can't you see, gravity is pulling down on me
See the sky a sickened lie just made to pacify me

Going through the motions
Feeling the explosion in my face

A, B and C abandoned but controlled
M can't you see? Half of me was sold
X, Y and Z Xerox your zombies then
There's nothing here but.....life 101

Can't you see blasphemy pulls me from my knees
Standing tall, I feel it all and crawl back underneath

Going through the motions
Feeling the explosion in my face
(alright everybody please have a seat now)

A, B and C abandoned but controlled
(I need you all to find your space and settle in, this
movie's starting soon)
M can't you see? Half of me was sold
(and after this you'll be required to follow us, into the
other room)
X, Y and Z Xerox your zombies then
(My name is law and this is order and on behalf of the
universe)
There's nothing here but.....life 101
(we'd like to welcome you to Life 101.)

There's no drinking, there's no swearing, body piercing
is not accepted, do not dye your hair or tattoo, you
must do what is expected.
(Learn your member tips now and set the standard for
your senses).
You may think only when told to.
You may think only what they tell you.
Stay within your culture, marry within your own race.
Keep in mind they may change the rules at any time
and you must be aware of these changes.
Be keen and smart and beautiful.

Learn to have a family. Again, welcome to Life 101
