Welcome to the Dynasty's lounge  
In this lab we be created new sounds  
People gather around  
Chillin at the Grotto

Siiri:  
The world is turning all by itself  
So you don't have to push it  
Good things come to those who wait  
So you don't have to rush it  
I don't know why  
But this is what I love  
What I sing is on my mind but it comes from the heart

Lauri:  
Hey,hey hold on  
When I'm down and I'm feeling restless  
If I'm lost and I'm waisted and stressed  
You will always lead my way  
Write about the sorrow (We're ready for tomorrow)  
I propose a toast for my brave Kwan soldiers  
I'm counting on my sweet Killer angels  
Together we will rock this world  
We're ready for tomorrow (Write about the sorrow)  
Save this moment  
And make this last all night  
Freeze the time  
Look into my eyes I feel love for the first time  
Drink this wine with me  
Live this life with me  
I hope that you can feel my love  
I hope that you can feel my, my love
