Fate lies ahead
Like the sun will rise
The light has been gone
Far to long from your eyes

But you never changed
Never played your part
And you have erased
All the fear from your heart

And tried to forget

The light in your eyes is fadin' out
Nights falling deeper in the heart
Hiding the truth and crashing down
My baby's a dancer in the dark

You've seen it all
You don't mind going blind
You've seen it all
All the wonders of Life

Run to your boy
Don't conceal your scars
Run to your boy
Let him feel your love

Before it's too late

The light in your eyes keeps fadin' out
Nights falling deeper in the heart
Hiding the truth and crashing down
My baby's a dancer in the dark

Your sight is dying
But you keep on trying to save your boy
You keep on lyin' but your false illusions
Will be destroyed

You heard it calling but you turned your face
Never played your part
You heard it singing but you danced away

Like a falling star

Dancer in the dark

Dancer in the dark

Dancer in the dark

Dancer in the dark
