Fate lies ahead,
like the sun will rise.
The light has been gone
far too long
from your eyes.

But you never changed, never
played in your part.
And you have erased all the fear
from your heart,
and tried to forget.

[Chorus]:
The light in your eyes keeps
fading out.
The night's falling deeper
in the heart.
Hiding the truth and
crashing down,
my baby's a dancer in the dark.

You've seen it all.
You don't mind going blind.
You've seen it all,
all the wonders of life.
Run to your boy,
don't conceal your scars.
Run to your boy;
let him feel your love
before it's too late.

[Chorus]

Your sight in dying but you keep
on trying to save your boy.

You keep on lying, but your false
illusions will be destroyed.

You heard it calling but you
turned your face never
played your part.

You heard it singing but you
danced away like a falling star.

[x3]: Dancer in the dark.
