We break our enemies with fear, and  
we've seen how the tears come around  
we built our confidence on wasteland  
we've seen how the walls come down

### LIFE BURNS

A man dies like a butterfly  
Life burns from the touch of the Reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would last

### LIFE BURNS

we have no sympathy for the lost souls  
we've chosen the path of disgrace  
we give this life to our children  
and teach them to hate this place

A man dies like a butterfly  
Life burns from the touch of the Reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would last

A man dies like a butterfly  
Life burns from the touch of the Reaper  
One love is a crooked lie  
The world lies in the hands of evil  
The world lies in the hands of evil  
The world lies in the hands of evil  
The world lies in the hands of evil  
The world lies in the hands of evil

A man dies like a butterfly  
Life burns from the touch of the Reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil

We pray it would last

A man dies like a butterfly  
Life burns from the touch of the Reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would last  
life burns  
life burns  
life burns
