Understand that you're  
Holding a bomb in your hands  
Take control, hand in hand  
With yourself from now on  
Take this advice, aim to the sky  
Aim to the skies above

Show me what you're made of  
Waiting for the answer  
Tell me what you're afraid of  
Show me what you're made of

Call out in my sleep  
Can't reach you and it's killing me  
Call out in my sleep

The sun is gone, days go on  
Like a storm in the sea  
And the shore is the loneliest place you can be  
Stay dry instead, moment ahead  
Aim to the skies above

Show me what you're made of  
I'm waiting for the answer  
Tell me what you're afraid of  
Show me what you're made of

I call out in my sleep  
Can't reach you and it's killing me  
Call out in my sleep

You say that you are not the same kid  
The one who used to be the weeper  
You say it's something deeper

Something that you could not tame  
Something that would wake the sleeper  
You say, you say

Call out in my sleep  
I can't reach you and it's killing me  
Call out in my sleep

I can't reach you and it's killing me

I call out, I can't reach you  
Calling out, reaching out
