I wish you were here tonight
With me to see the northern lights
I wish you were here tonight with me

I wish I could have you by my side
Tonight when the sky is burnin'
I wish I could have you by my side

'Cause I've been down
An' I've been crawling
Won't back down no more

Can't you stop the lies
Falling from the skies
Down on me?
I'm still standing

Can't you roll the dice
I might be surprised?
Conscience clear
I'm still standing here

Burns like a thousand stars
Though you are light years away
Burns like a thousand stars or more

You're up there
You're always with me
Smilin' down on me

Can't you stop the lies
Falling from the skies
Down on me?

I'm still standing

Can't you roll the dice?
I might be surprised
Conscience clear
I'm still standing here

Something sacred, something so beautiful

Something quiet to ease my mind
When the pressure's takin' me over and over

'Cause I've been down
An' I've been crawling
Pushed around
An' always falling

You're up there
You're always with me
Smilin' down on me

Can't you stop the lies
Falling from the skies
Down on me?
I'm still standing

Can't you roll the dice?
I might be surprised
Conscience clear
I'm still standing here

Can't you stop the lies
Falling from the skies
Down on me?
Still standing here

Can't you roll the dice?
I might be surprised
Conscience clear
I'm still standing here
