Get up in the morning, check out the weather
If it looks like sun, I get my things together
Throw some cutoffs on
Got my tank-top and tennises now and head for the
beach

Well, I'm drivin' down the highway
Losin' all my patience, pushin' all the buttons
Tryin' to find a station with a screamin' jock
Turnin' out my daily ration of

(Cruisin' music, sure good music)
To put the fun back in summertime
I need some cruisin' music to make everything alright

Well, I'm flyin' down the freeway
Floatin' like a feather
I've got my windows rolled down
In the hot summer weather

With my radio up loud
Nothing makes me feel better
Than some good rock 'n' roll
(Good good, good rock and roll)

Those suntanned girls are lookin' outta sight
A beach-drenched chick would never get uptight
'Cause when the sun goes down
We'll be dancin' through the night and singin'

(Cruisin' music, sure good music)
To put the pop back in summertime
I need some cruisin' music to make everythin' alright

It's time you heard some happy music
God knows this world could really use a little sunshine
So won't you make mine
(Yeah)
You know I need some more of that

(Cruisin' music, sure good music)
To put the fun back in summertime

I need some cruisin' music to make everything alright

(Cruisin' music, sure good music)

To put the fun back in summertime

I need some cruisin' music to make everything alright
