I gotta take a little time
A little time to think things over
I better read between the lines
In case I need it when I'm older

In my life
There's been heartache and pain
I don't know
If I can face it again
Can't stop now
I've traveled so far
To change this lonely life

I want to know what love is
I want you to show me
I want to feel what love is
I know you can show me

Gonna take a little time
A little time to look around me
I've got nowhere left to hide
It looks like love's finally found me

In my life
There's been heartache and pain
I don't know
If I can face it again
Can't stop now
I've traveled so far
To change this lonely life

I want to know what love is
I want you to show me
I want to feel what love is
I know you can show me

Show me
I want to know

I want to know what love is
I want you to show me

I want to feel what love is
I know you can show me
