### "For Now Forget"

I though I finally had it  
But now I'm not so sure  
The straw that finally snapped there  
Then I found two more

Sure we'll have our troubles  
For now just leave em' by the door  
For now forget your bad times  
Don't you worry anymore

I won't reject the stone there  
I'll just use it to climb  
I keep on movin' on now  
And I won't look behind

Sure we'll have our troubles  
For now just leave em' by the door  
For now forget your worries  
Don't you worry anymore
