And the best I'd hope to see
To be floating in a late night stream
no trace of time or feeling bad
and when I woke I wasn't sad

Oh it's so hard to find
thoughts that shake my mind
No I can't see
Things in front of me
Don't know why it's so hard to see
Although it' right in front of me

No trace of time or feeling bad
and when I woke I wasn't sad
Don't know why its so hard to find
thought she'd never leave my mind
we walk through the day
follow through with me
and close your patiently

how I miss you friend
wondering where you've been
and how far you've meant to go
fear your falling in
all is special then
lord i hope that you know

how i miss you friend
wondering where you've been
and how far you've meant to go
i fear your falling in
all is special then
lord I hope that you know
