S.DAY)

She is dead and gone.  
Resting in the grave.  
She always made us laught.  
At time she made me cry.

Always on my mind.  
I can see your eyes.  
They won't go away.

She haunts me in my dreams.  
I wish she was awake.  
The hate you feel inside.  
I wish she was alive.

Always ....

It's sad to see her gone.  
Some things I had to say.  
My thoughts will be with you.  
I will see you soon!

Always ....  
Never coming back
