(S.DAY, A.ZAID)

Speeding on by, danger in my brain.
Shooting on past, faster than the fast lane.
I can't controll the way that I feel.
When I'm with you, my head begins to reel.
When you hold me time fly's by.
When you hold me time fly's by.
Flying through the air, fast and low.
Speeding on by, my heart has long far gone.
I can't slow down, the thing's that i say.
When I'm near you, I cannot get away.
When you hold me time fly's by.
When you hold me time fly's by.
You said "I love you,"
Now time goes racin' by
And there still is no answer.
So i said "I love you,"
And our blood goes racin' by
And there still is no answer.
Racin' round, flying though the air,
When I'm with you i do not have a care.
I can't control, the way that I feel
Coz when I'm with you my head begins to reel.
When you hold me time fly's by.
When you hold me time fly's by.
And you said you loved me,
Now time goes racin' by
And there still is no answer.
And i said "I love you,"
And our blood goes racin' by
And there still is no answer.
When you hold me time fly's by.
When you hold me time fly's by.....
