(S.DAY)

Cat scratch my heart again.
Loves blood keeps on dripping,
white light flash high,
this time i can see the end.
Time keeps ticking along.
Beat to the sound of a song.
A beat everlasting, and twice as
fast as this time is ticking today.
This taste is not quite of you.
This scent seems strange to me too.
Your touch is so cold, what sacrifice
made for this to be you.
The world keeps spinning around
Sometimes I'm losing my head.
Lost up above, I see the stars
this universe will never end.
Feeling so soft in your touch.
Tingling under my skin.
My heart's beating faster, my
heads feelling lighter white light
will shine on me and you.
This time will be the end.
Say goodbye my only friend.
This times the last time.
This is the end.
Let a Little love into your life,
Just relax and let be.
Let a little love into your life,
Just reach out and hold onto me.
This is the end!
Cat scratch my heart again.
Loves blood keeps on dripping,
white light flash high,
this time i can see the end.
Time keeps ticking along.
Beat to the sound of a song.
A beat everlasting, and twice as
fast as this time is ticking today.
This time will be the end.
Say goodbye my only friend.
This times the last time.

This is the end.
Let a Little love into your life,
Just relax and let be.
Let a little love into your life,
Just reach out and hold onto me.
This is the end!
