Yeah

You tell me something I don't know  
And I tell you something that's real  
You think you know everything  
About me except just how I feel

You always call me a liar  
But you can't tell me to my face  
It doesn't matter to me  
You never loved me anyway

You say, let's stop  
I say, let's go  
You say, it's hot  
I say, it's cold  
What's the matter with me?

(A little too much)  
I can't help myself  
(A little too much)  
And there's nobody else

(A little too much)  
Hear what I say  
(A little too much)  
Hear it everyday

You always wanted to be cruel so  
Finally, why do you have such hate?  
You better look in the mirror  
Baby, it's time to seal your fate

You say, let's stop  
I say, let's go  
You say, it's hot  
I say, it's cold  
What's the matter with me?

(A little too much)  
I can't help myself  
(A little too much)

And there's nobody else

(A little too much)

Hear what I say

(A little too much)

Hear it everyday

(A little too much)

I can't help myself

(A little too much)

And there's nobody else

(A little too much)

Hear what I say

(A little too much)

Hear it everyday

(When you're wrong, you're wrong)

(When you're wrong, you're wrong)

I've had enough of this cold still trying

(When you're wrong, you're wrong)

[Incomprehensible]

(When you're wrong, you're wrong)

You still give me your reason and why

(When you're wrong, you're wrong)

You did what you did to get me

You're wrong, I'm right

Two wrongs don't make a right

You say, let's stop

I say, let's go

You say, it's hot

I say, it's cold

What's the matter with me?

I can't help myself

And there's nobody else

(A little too much)

Hear what I say

(A little too much)

Hear it everyday

(A little too much)

I can't help myself

(A little too much)

And there's nobody else

(A little too much)

Hear what I say

(A little too much)  
Hear it everyday

I can't, I can't, I can't help myself  
I can't, I can't help myself
