Can't you see me runnin'
I am really runnin'
for ma life
guess from where I'm
comin'
guess why I'm runnin'
for my life.

Can't you see the witch
can't you see the witch
can't you see the witch by my side.

Can't you see the witch
can't you see the witch
can't you see the witch by my side.

Can't you see my deathfear
I can hear her voice
Shoutin' everywhere
who know what I've could done
it must be so bad
that a witch does care.

Can't you see the witch
can't you see the witch
can't you see the witch by my side.

Can't you see the witch
can't you see the witch
can't you see the witch by my side.
