When the world is ready to fall on your little shoulders  
And when you're feeling lonely and small  
You need somebody there to hold you

You can call out my name  
When you're only lonely  
Now don't you ever be ashamed  
You're only lonely

When you need somebody around on the nights that  
try you  
Remember I was there when you were a queen  
And I'll be the last one there beside you

So you can call out my name  
When you're only lonely  
Now don't you ever be ashamed  
You're only lonely

You're only lonely  
You're only lonely  
You're only lonely

When the world is ready to fall on your little shoulders  
And when you're feeling lonely and small  
You need somebody there to hold you

So don't you ever be ashamed  
When you're only lonely  
You can call out my name  
When you're only lonely

You're only lonely  
When you're only lonely  
You're only lonely  
It's no crime darling, we got lots of time

You're only lonely  
You're only lonely  
There's nothing wrong with you  
Darling, I get lonely too

You're only lonely  
You're only lonely  
So if you need me, all you gotta do is call me  
You're only lonely
