I'm so happy I'm so happy she's gone away
I'm so happy I'm so happy she's gone to stay
How could you say that
You don't believe that
You only say it to keep from crying
I don't need her
I don't need her to keep me from harm
I don't need her and I can't remember the feel of her
arms
How could you say that
You don't believe that
You only say it to keep from feeling
Feeling cold for
Being so strong when it comes how I feel about her
It's been so long that I have lived without her
It's unreel to reveal how it feels to loose someone
Who calls you son
For the first time

Feeling low for being so ...when it comes how I feel
about her
It's been so long that I have lived without her
It's unreel to reveal how it feels to loose someone
Who calls you son

She never meant to
Never meant to leave your side
Through the power of love you will know her by and by
Now I can say that I do believe that
And I want to thank you for all you giving
