The shadows are waltzing
The moon beams are calling
Like a dream I am falling into
Silver threads lined with dew
Twinkling stars seem to shine just for you

Behind your eyes
Are endless blue skies
You travel places I want to come to
Each breath that you breath is a brush stroke
That leads me to you

So, sleep
Fall into night's indigo hue
Believe me it's true
There's nothing that I would not do
For my dream is beautiful things like you

It seems far away
But there once was a day
It was grey in a world without you
To this heart like a dove from above
A miracle of your love found me

So, sleep
Fall into night's indigo hue
Believe me it's true
There's nothing that I would not do
For my dream is beautiful things
My dreams is beautiful things
My dreams is beautiful things like you
