There are so many fabulous faraway places to see!  
Such as Mexico, Sweden, Hawaii, Japan and Capri!  
There are so many exciting & wonderful places!  
Mountains and jungles, deserts and oases!  
Pleasant as home is,  
It isn't what Rome is!  
So why stay there?  
When there are so many fabulous faraway places to  
see!  
Why should Spain and Tahiti and Rio  
Just be only names to you and me?  
I feel certain there are people  
We'd be glad to know there!  
So tell me why don't we get up and go there?  
Go to those fabulous places where we long to be?  
Go to Bangkok & Hong Kong & Paris & Venice!  
Tokyo & Cairo & Lisbon & London!  
Wonderful fabulous places we're longing to see!

Still there are so many  
Simply incredible places to see!  
When I think of the warm Caribbean,  
I see a new world for you and me!...  
I'd give anything just to have one single day there!  
And once we get there,  
I know that we'll stay there!  
Stay in those fabulous places  
Where we long to be!  
Such as Siam! Sienna! Vienna! Verona!  
Java! Jamaica! Bombay! Barcelona!  
Then show me those fabulous places  
We're longing to see!  
We're longing to see!
