This morning I woke up and something had changed
I felt kinda good and it felt kinda strange
There's something going on here
And maybe it's a brand new world or I'm just crazy,
insane

So, every thing's different, well, I guess that's okay
'Cause those thoughts that used to hold me down have
all gone away
I feel like I can take on the world
So come along for the ride or just get out of my way

Come on, come on, get up, get up
Let's go, won't you follow me?
Let's go, won't you follow me now?

Come on, come on, get up, get up
Let's go, won't you follow me?
Let's go, won't you follow me now?

So tell me your secrets and I'll sell you my soul
There's a shovel in my heart and it's digging a hole
The devil and the God in my head
Are having breakfast in my brain and it's driving me
insane

Come on, come on, get up, get up
Let's go, won't you follow me?
Let's go, won't you follow me now?

Come on, come on, get up, get up
Let's go, won't you follow me?
Let's go, won't you follow me now?

Won't you follow me now?
Let's go, won't you follow me now?

Won't someone follow me now?
Won't someone follow me?

Come on, come on, get up, get up
Let's go, won't you follow me?

Let's go, won't you follow me now?

Come on, come on, get up, get up
Let's go, won't you follow me?
Let's go, won't you follow me now?

Let's go, won't you follow me now?
Let's go, won't you follow me now?

Won't someone follow me now?
