Oh brother, brother tell us  
What's gotten in to you  
Lately  
We're beginning to think that there  
Is nothin' in the world that you can't do

You're getting stronger  
And faster  
And bigger too  
People keep on asking  
'Is there something wrong with you?'  
You're acting weird  
And talking rude  
And wolfing down your food  
Everything lately brings the monster out in you

How do you do?  
What's up with you?  
Little brother Mister Hyde  
How come you're howling at the moon  
Tonight  
We don't know what you're going through  
We just hope you're gonna be alright  
Now tell us, tell us  
What should we do?  
Now that the monsters out in you.

And now we're not so sure  
We like the fact that things are turning out this way  
We would rather have our little brother back  
Than a werewolf for a brother any day

You're getting stronger  
And faster  
And bigger to  
People keep on asking  
'Is there nothing we can do?'  
You're acting weird  
And talking rude  
And wolfing down your food  
Everything lately brings the monster out in you

How do you do?  
What's up with you?  
Little brother Mister Hyde  
How come you're howling at the moon  
Tonight  
We wish we knew what you're going through  
We just hope you're gonna be alright  
Now tell us, tell us  
What should we do?  
Now that the monsters out in you.
