Only you can make this world seem right

Only you can make the darkness bright.

Only you and you alone

Can thrill me like you do

And fill my heart with love for only you.

Only you can make this change in me,

For it's true, you are my destiny.

When you hold my hand,

I understand the magic that you do.

You're my dream come true,

My one and only you.

[rap]

Everytime she walks by I can't stop staring!

Look on her lips, that smile that she's

Wearing!

She looks at me and I dream I can't go on,

I guess it's with you girl, cause you are

The one

I got so much to tell her, and I knew

You are

My only

One thng I can't stand the thought of you

Lonely

So open up your eyes, realize my love is

True

And it meant for only you

Only you and you alone

Can thrill me like you do

And fill my heart with love for only you,

Only you
