Don't say

Love is such a strong word to say
So hold me tight, don't never let me go away
Give me your hand, together we make our way
If you are here, my feelings for you become more night
and day

But please don't say " I love you" and then you are
away
But don't say "I love you" and then you go away

One fine day, the time will come and you will say
"my dear, I'm so sorry I have to go away"
And then I pray to God to look after you
Because my life will not longer exist of two

And then you'll say "Good bye my love, I will be there
for you"
But don't say "Good bye my love, I'm still loving you
