"I Want Your Mind"

Visit "[I Want Your Mind](#)" on MotoLyrics.com

You are the victim of your mind
I may not love me all this time
So if you wanna be all right
Now, come to me tonight

When I remember of the past
My crazy heart is beating fast
So if you wanna leave your mind, your life, your sky

I want your mind
To change my life
So you can love me, love me, love me
'cause I need you, need you, need you

I want your mind
To change my life
So you can love me, love me, love me
And you hold me, hold me, hold me, baby
