everyone use to have loyalty, now it's on the other side
i use to have all my family, now their on the other side
other side, other side side side

Text 1 : (Dr. Real)
One Second can Pernamently Change My Life
Gun Shot, Car Crash, Death of My Wife
Loyal to the God, Counting on my Knife
That's Payback, All I Got, I'm Not Looking for More
Strife (Now)
Fight for Hope, Reason Why I'm Still in Music It's my
Dope
Once, When I Died, My Soul Transfer on the Other Side
(Now)
Then, day when everybody loves you, Cry...
Show Me Respect now, Please, I Want to be Pride (on
Myself)
Talking in Codes, Talk Behind my Back, Fuck You
That's not what I deserve, You Hack with me
Now, It Makes me Feel Like Rack
Hidden in the Shadows, Hidden in the Black
Maybe I'm Knack, Maybe I Have Some Lacks
But Now, My Soul Fly in the Sky, I Feel Slack
On the Earth, my eye will watch over all

My Soul is Able to Attack, Able to Smack, You'll Die

Chorus : (Adam Lobb)
everything use to be green, now it's on the other side

everyone use to have loyalty, now it's on the other side
i use to have all my family, now their on the other side
other side, other side side side

Text 2 : (Dr. Real)

Say it to my Face, or My Hand will Transform into Mace
Justice will be Done, Murder was the Case
I Can't Run, But I Always Can Chase
I Got Ace, Doesn't Metter on your Race
I Can Find You, Your Right Place
Your Place in the Space, You Know what it is, Beg for
Grace
Show me What I'm For You Now, I'm Braced
Fuck, It's End of That,
I Will Always Watch You, My Eyes will Trace You
Once, When My Family will be on the Other Side
The Worst Idea ever Goes Throught my Brain
I Don't Know, What I'll Feel After it, Maybe Pain
Maybe My Best Friend will Fuck with me, Stole me Make
a Plain
Maybe They'll Stole my Chain, Maybe They'll Drain my
Soul

Chorus : (Adam Lobb)

everything use to be green, now it's on the other side
everyone use to have loyalty, now it's on the other side
i use to have all my family, now their on the other side
other side, other side side side
