I need to find somebody who can't sleep at night
Without holding me without holding me tight
I want someone who sees me all the time in their
dreams
And then wakes up thinking just of me
Spent time on my own
Spent time being free
Now I just wanna be

Overloved
Over needed
Over wanted
Over missed when I'm away
Overloved
Over dreamed of
Over cared about
Over everything
I'd give anything to be overloved

I want someone who can't wait to kiss me again
Even though it's been a minute since they last did
Want someone who loves love songs
And dedicates them to me
And two loving arms never out of reach
Been fine all alone
Did fine being free
This time I wanna be
This time I wanna be

Overloved (overloved)
Over needed (over needed)
Over wanted
Over missed when I'm away
Overloved (overloved)
Over dreamed of (over dreamed of)
Over cared about
Over everything
I'd give anything to be overloved

Want someone to talk to me with talk so sweet and
Want someone who's there to share their world with me
oh baby

I've been too lonely for too many nights
This time I need someone here in my life
This time I want someone holding me tight
Been under kissed, under touched
Now I just wanna be

Overloved
Over needed (over needed)
Over wanted
Over missed when I'm away
Overloved (overloved)
Over dreamed of (i wanna be of dreamed of)
Over cared about
Over everything (over everything)
I'd give anything to be overloved

Overloved
Oh, I just wanna be
Overloved
By someone who's over in love with me
Over kissed, over touched, over missed
Oh, yeah overloved
