Fisrt time in limousine
This is hard to do
Is to much to lose
But I had to chose
What want to do my shoes
I'm up on that,... tears I'm find

I saw many wears that I can say
But not any...
No way, I wish that I can stay

I, I don't want to know
But I thought I leave these lead about you go
It's time that you know
That I'm in love with her anymore

That day, the better way I know you be back
To see you stay...

I saw many ways that I can say
But not any...
No way, I wish that I can stay
I, I don't want to know
But I thought I leave these lead about you go
It's time that you know
That I'm in love with her anymore

And I fall in love with both of you
Wish I can had my kake and neded to
I fell it litle tomb between it too
And now I'm lost an now confused
I think comeback to love I can refuse
Even knowing know you don't approuve
Girl you never know what you gone do
Will love these honey you.

I, I don't want to know
But I thought I leave these lead about you go
It's time that you know
That I'm in love with her anymore
