March until your feet bleed  
Chant until you can't speak  
Scream until your ears ring  
The people cry freedom

Scale the cliff up to the peak  
Climb until your nails bleed  
Take it out into the street  
The people cry freedom

[Chorus]  
This is the time  
And this is the place  
We march into the fire  
In the darkest of times  
On the world's largest stages  
We stand, we rise to revise...

Ring the bell of liberty  
Resist control that they need  
Absolute supremacy  
The people cry freedom

Turn around the other cheek  
The bodies pile at their feet  
Still we rise and never cease  
The people cry freedom

[Chorus x2]

Again we face into the void  
Embrace the fear □ grace the toil  
Our blood is soaked into the soil  
The people cry freedom

To build it up we tear it down  
Bring the old men to the ground  
And banish now this treachery  
The people cry freedom, the people cry freedom

[Chorus x2]
