I'm not unhappy but I'd take the train today  
If you'd let me If you'd let me  
They may be clapping for me but I  
wait for you to come get me  
Come, come get me Cause  
day by day you're coming closer  
Making our way clearer and straighter  
Turning our faces into the light  
And I can't wait to fall at your glory  
On my face down in the morning  
You're coming closer Day by day  
Somebody told me I could travel the world  
To find beauty To find beauty  
But to behold it I would have to  
keep it within me Yeah well it's in me  
Cause day by day you're coming closer  
Making our way clearer and straighter  
Turning our faces into the light  
And I can't wait to fall at your glory  
On my face down in the morning  
You're coming closer Day by day  
Give me a mission if I've still got the time  
Cause I'm open Yeah I'm open  
Be my vision and I'll be your delight  
Cause I'm going wherever you're going  
Turning faces into the light  
And I can't wait to fall at your glory  
On my face down in the morning  
You're coming closer Day by day  
Cause day by day you're coming closer  
Making our way clearer and straighter  
Turning our faces into the light  
And I can't wait to fall at your glory  
On my face down in the morning  
You're coming closer Day by day  
Cause day by day you're coming closer  
Making our way clearer and straighter  
Turning our faces into the light  
And I can't wait to fall at your glory  
On my face down in the morning  
You're coming closer Day by day
