Caught in the valley of shadow
Fear and doubt
Desperately searching
There was no way out

But then, the hand of mercy
Came reaching for me
Lifted me out of my broken past
And brought me into the land of the free

Here in the brave new world
My faith is standing strong
Here in the brave new world
I'm right where I belong

It's Your amazing grace
That brought my heart right to this place
The fear is gone
I'm living in a brave new world

I stand on a mountain of possibilities
I hear You calling me to spread my wings
I know You'll hold me up, Lord
When I feel too weak to fly

'Cause it's through the power of Your love
That keeps me soaring through the sky

Here in the brave new world
My faith is standing strong
Here in the brave new world
I'm right where I belong

It's Your amazing grace
That brought my heart right to this place
The fear is gone
I'm living in a brave new world

It was a universe of dark despair
Now I see You shining everywhere
I know You're always there

Here in the brave new world
My faith is standing strong
Here in the brave new world
I'm right where I belong

It's Your amazing grace
That brought my heart right to this place
The fear is gone
I'm living in a brave new world

Here in the brave new world
My faith is standing strong
Here in the brave new world
I'm right where I belong

It's Your amazing grace
That brought my heart right to this place
The fear is gone
I'm living in a brave new world
