I Cry

When peace cannot be found
and sleep won't visit me tonight
a restless mind that I can't tame
how off the floor I call Your name
sign of silence and the tears begin to fall

I Cry
and You're the one who hears me calling
I fall
so easily but You're there to catch me
say the words that heal me
I'm safe when I'm with You
You touch my eyes and I can see

Oh the comfort that You bring
when nothing else can reach inside
sympathetic friends are all around
their soothing words fall to the ground
in silence I feel You here with me

I Cry
and You're the one who hears me calling
I fall
so easily but You're there to catch me
say the words that heal me
I'm safe when I'm with You
You touch my eyes and I can see

I Cry
and You're the one who hears me calling
I fall
so easily but You're there to catch me
say the words that heal me
I'm safe when I'm with You
You touch my eyes and I can see
