She said goodbye and it's like she fell right off this
earth
Six long nights, I ain't seen hide nor hair of her
And this old lazy boy, is feelin' like my only friend
There's sunshine shinin' on the world outside but there
ain't none shinin' in
Startin' now, somehow
I've gotta leave her in my past
Walk this floor right out that door
Before these walls start talkin' back
I bet the neighbors think either I've skipped town or I've
bought the farm
I got my shades pulled down
And there's a week's worth of papers in my yard
Hey, what was that? Did I just hear somebody call my
name
Oh, Lord knows I'm just a few thoughts shy of bein'
certified insane
Startin' now, somehow
I've gotta leave her in my past
Walk this floor right out that door
Before these walls start talkin' back
Yeah, that's a fact
Yeah, startin' now, somehow
I've gotta leave her in my past
Walk this floor right out that door
Before these walls start talkin' back
Get me out of here
And we will walk this floor right out the door
