Never did I wonder  
Never did I really wanna know  
Never did I conquer  
All my fears of just being let go  
Would you ever tell me  
Would you ever come right out and say  
That you really need me  
You know I think you just might feel that way  
So would you smile at all for me  
And would you cry at all for me  
If I said that this had happened to me?  
Yeah, yeah  
Never could I guess this  
What about these monsters did I miss?  
Where was help when I was  
Stripped down and out there on my own  
And would you ever tell me  
Would you ever come right out and say  
That this wasn't my fault  
But you know I can't feel that way  
So would you smile at all for me  
And would you cry at all for me  
If I said that this had happened to me?  
Yeah, yeah  
I'm running fast and I'm running wild  
Hey, I'm running cold and I'm still a child  
And I won't forget that I'll never know  
Would you ever wonder  
Would you ever really wanna know  
What was it that happened  
To me and why I can't be just let go  
And would you ever tell me  
Well, I think I'm gunna come right out and say  
That this wasn't my fault

And that I know you feel this way  
So would you smile at all for me  
And would you cry at all for me  
If I said that this had happened to me?  
Yeah, yeah  
So would you smile?
