Let me know if you can go
To the after after after after after after after after
party!

CHORUS:

Let me see ya put your hands where they need to be at
In the club pass the drugs call your coke buddy up
Chemicals, hysterical! In the bathroom getting lyrical
On the basis of a need to know: Welcome to the
aftershow

Blind, deaf and dumb from all the shit that you done
All my ladies can see what you've just become
Beyond the floor ask some more: "Isn't that what
music's for?"
All my fellas say "You just been fucked!"

REF:

Let me know if you can go
Let me know if you can go to the
Let me know if you can go to the
After after after after after after after after after after
after party!

CHORUS:

Let me see ya put your hands where they need to be at
In the club pass the drugs call your coke buddy up
Chemicals, hysterical! In the bathroom getting lyrical
On the basis of a need to know: Welcome to the
aftershow

V2:

Oh noes! Up your nose!
Don't bring your night to a close
All my ladies can't wait to head out to the door
Yeah, what? You thought you're hot, but I guess you're
not!
Cause all my fellas say "You just been fucked!"

REF:

Turn it up c'mon everybody start the show
Burn it up c'mon people just line up the blow!
Hey yo, yeyo, all you gotta do is just say so
Say hello to my little friend!

In the club pass the drugs call your coke buddy up
Chemicals, hysterical! In the bathroom getting lyrical
On the basis of a need to know: Welcome to the
