I want you to love me That's all I want from you I want
you to love me One day I know I'm a peasant Dressed
as a princess But that doesn't mean you have To take
my clothes away If I could show you Some happiness
Then I would feel Like a real princess That to me would
be success My baby I seen you dancin' A natural beauty
You make this dive Seem sublime You really get To the
heart of the music You're the poetry of time If there's a
method To writing a song How come I'm getting it
wrong You write the beautiful songs Baby C'mon,
c'mon, c'mon baby Take my hand C'mon, c'mon, c'mon
show me To the love land Can this really happen In this
day and age Suddenly To just turn the page Like
walking on stage My baby
