I first met Julie a long time ago,  
Staring up at me from the front row  
She had a timeless glow, she was the image of youth  
That never grows old or gets long in the tooth  
And who would think after all these years  
That good fortune would smile my way  
She's a symbol of all that I believe in  
She was there at the beginning, she's still out there  
today

[Chorus:]

Julie, Julie, I hope that you're still single  
Julie, Julie, oh my mystery Julie Finkle  
(Woohoooh hoohoooh hooh, woohoooh hoohoooh hooh)

After me she went with a biker from Stoke,  
Had a child with a banker from Bolton  
I hear she ended up with a really nice bloke,  
Who's respectable now, so my silence is golden  
To protect her and him I've used a pseudonym,  
But I hope she gets the vital connection  
It was a long time ago, but I want you to know  
Julie, you were the pick of a prime selection

[Chorus]

But keep looking for your love (Woohoooh hoohoooh  
hooh)

Truly, Julie, you're only a name,  
You could be a Molly or a Sarah-Jane  
But if I should never see you again,  
I'll never forget you, truly

[Chorus]

Keep looking for your love (Woohoooh hoohoooh hooh)

Julie, Julie, oh my mystery Julie Finkle
