Here we are in this big ol' empty room
Staring each other down
U want me just as much as I want U
Let's stop fooling around
Take me, baby, kiss me all over
Play with my love, ooh
Bring out what's been in me 4 far 2 long
Baby, U know that's all I've been dreaming of

Do me, baby, like U never done before
Ooh, give it 2 me til I just can't take no more
Come on and do me, baby, like U never done before
Ooh, I want U now, I just can't wait no more, can't wait,
oh

Here we are looking 4 a reason
4 U 2 lay me down
4 a love like ours is never out of season
So baby, please stop teasing me
Ooh, what U do, I can never love no other
U're the best I ever had, ooh
Whenever we're not close 2 one another
I just want U so bad

So do... (do me, baby) do me, baby, like U never done
before
Ooh, give it 2 me til I just can't take no more
Come on, do me, baby, like U never done before
Ooh, I want U now, I just can't wait no more

I said, "Ooh... ooh... ooh... ooooh!" (Do me, baby)
Yeah (Do me)
Do me, baby, honey, yeah (Oh, give it 2 me)
Oh, oh, oh, oh! (Do me, baby)
(I want U now)
Yeah, yeah, yeah, ...!

(Do me, baby)
(Oh, give it 2 me)
(Do me, baby)
Do me, baby, don't wanna do it all alone (I want U now)

Yeah!

(Do me, baby)
(Oh, give it 2 me)
Oh yeah
(Do me, baby)

This feeling's 2 strong
U make me wait 2 long
(I want U now)

Oh, U ain't leaving me no choice
OK, what are U gonna do?
U just gonna sit there and watch?
Alright, ooh, mm
Are U sure U don't wanna close your eyes?

Well, isn't it supposed 2 take a long time?

I'm not gonna stop until the war is over
Ooh! Help me! Oh! Ooh!
There... OK... OK
Uh... oh!
I'm so cold
Just hold me, oh
